

Interstellar

As of 5-6-18

Friday, May 25

Redondo Room

- | | |
|----------|---|
| 10:00 am | Welcome from the Tau Zero Foundation. Marc Millis (Tau Zero Foundation) |
| 10:10 am | Interplanetary and Interstellar Missions. Jeff Greason (Tau Zero Foundation, Agile Aero and Electric Sky) |
| 10:40 am | Earth-Mars Cycling Trajectories. Dr. Andrew Aldrin (Tau Zero Foundation and Florida Institute of Technology) |
| 11:00 am | Interstellar Travelers in Action, the Future of Voyager and New Horizons. Dr. Pontus Brandt (Johns Hopkins Applied Physics Laboratory) |
| 11:30 am | A Program Framework for the Exploration of the Interstellar Medium, as a First Step Towards Interstellar Explorers. Dr. Leon Alkalai (NASA Jet Propulsion Laboratory) |
| 2:00 pm | The James Webb Space Telescope and our Manifest Destiny In Space. Dr. Jon Arenberg (Northrup Grumman Corporation) |
| 2:30 pm | Exoplanet Discovery. Humphrey (Hoppy) Price (NASA Jet Propulsion Laboratory) |
| 3:00 pm | NSS/NASA Ames Student Space Settlement Contest Presentation |
| 3:10 pm | Sailbeam Interstellar Probes. Jeff Greason (Tau Zero Foundation, Agile Aero and Electric Sky) |
| 3:40 pm | Graphene Sails. Dr. Joseph Meany (Ionic Flask Materials Group) |
| 4:10 pm | NSS/NASA Ames Student Space Settlement Contest Presentation |
| 4:20 pm | Mass and Photon Beam Interstellar Propulsion Updates and Ideas. Gerald Nordley (Experimental Rocket Propulsion Society) |
